Erin/Shannon,

After about a year, we finally will have enough PV waste for shipment to Veolia, if you are still accepting. The pictures include 2 KYOCERA brand panels and 1 SIEMENS brand panel. The KYOCERA panels are 40 watts and both are 21" X 26". The SIEMENS panel is 36 watts and is 21" X 25". The frame thickness is about 1 1/4" on all 3 panels.

In addition to what is presented in the photos, we also have the following items:

4 ea.: 14 inches X 51 inches
5 ea. 1 foot X 18 inches
1 ea. 16 inches X 36 inches
1 ea. 21 inches X 48 inches

Would you please provide pricing, new profile, and packaging for shipment requirements?

Thanks,

Michelle Wills-Hill, REM, REPA,
